## 2008 Medication Formulary

\* all markets excluding New Mexico, Ohio, Tennessee, Texas and Medicare

The medications included in the AMERIGROUP formulary are reviewed and approved by the AMERIGROUP Pharmacy and Therapeutics Committee, which includes Practitioners and Pharmacists from the AMERIGROUP Provider community.

Some medications listed may have additional requirements or limitations of coverage. These requirements and limits may include prior authorization, quantity limits, age limits or step therapy. Additionally, if a medication is available as a generic formulation, this will be AMERIGROUP's preferred agent, unless otherwise noted. If a BRAND name medication is requested when a generic exists, a prior authorization request will need to be submitted. If you have any questions about coverage of a certain product, please contact us at 800-454-3730

In order to request prior authorization, the provider or member must contact the AMERIGROUP pharmacy department at 800-454-3730. Providers should be prepared to provide relevant clinical information that supports the medical necessity of the requested medication.

### Formulary Legend:

- PA** prior authorization required
- ST** step therapy required
- QL** quantity limits apply
- AL** age restrictions apply
- GL** gender restrictions apply
- X** medication provided by  
Caremark Specialty Services
- RX** prescription medication
- OTC** over-the-counter medication
  
- MD** Maryland carve-out  
(Note: *Amerigroup edits do not apply;*  
*however other edits may apply*)
- NJ** New Jersey carve-out
- FL** medication covered as brand in FL
- B** medication covered as brand
- G** medication covered as generic  
only

**PHARMACY PRIOR AUTHORIZATIONS 1-800-454-3730**
